NEWSLETTER NO. 4
OCTOBER 2016 TO 2017

Fun fact.... Cicada's have their hearing organs in their stomachs

Growing family – again!

This year we celebrated the arrival of another son for Kate and Danny, Kaleb Jaxon born 6/3/2017.

We were also extremely fortunate to welcome Emma Shears (Audiologist) and Kailey (Trainee Receptionist) to our wonderful team. Emma S is available for appointments Monday – Friday.

Continuing education

August saw Emma B, Terry and Kate attend the National ACAud Congress in Adelaide. It was an opportunity to learn new things from some brilliant National and International keynote speakers who are experts in their fields. It was also a great time to catch up with colleagues from all over Australia and exchange ideas and stories. By attending these industry initiatives, we ensure our practitioners are up to date on all of the industry news and advances in hearing health care and hearing technology alike.

Liz and Emma S are currently attending a Cochlear conference looking into the exciting field of implantable technology. We look forward to introducing more of this soon!

Know your Hearing Range

Latest research supports the importance of regular hearing checks for everyone. With regular checks we can monitor any changes in your hearing range and adapt technology to ensure you stay hearing optimally. Don't miss out on those special conversations and precious moments, be proactive, know your hearing range and encourage those around you to do the same!

Are you hearing as well as you could be?

Could you, or someone you know benefit from a trial of the latest hearing technology? Beginning with a full diagnostic hearing assessment and followed by an obligation free, hearing technology fitting and FREE 4 week take home trial.

Bookings can be made by on

Battery Offer
Buy a box of hearing aid batteries for just \$35.00. Sale ends 22/12/2017.

(10pkts per box)

Industry News

This year was an interesting one for the hearing industry as a whole. The ACCC released a report regarding industry practices relating to payment of commissions and imposing sales targets on clinicians. We welcomed this report and are proud to say we do not engage in these practices. Our clinicians are trained and required to put your needs first. We are passionate about providing appropriate, honest and ethical hearing health care to our community. We stand by our client centric model and believe our hearing aid trials allow clients to make more informed decisions leading to better hearing outcomes.

Visiting Sites

We are now visiting **COBRAM, TOCUMWAL** and **YARRAWONGA**. For appointments in any of these locations please contact our office on 02 6021 7500.

Christmas Closure

We will be closed from Friday 22/12/2017 to Monday 8/1/2018. For all emergencies during this time please contact 0427 817 587. From our families to yours, we wish you a Very Merry Christmas and a safe and healthy New Year!

Thank you again for all your support; from the team at Amplify Hearing & Diagnostics.
