**CELEBRATING
OUR 2ND YEAR!**

NEWSLETTER NO. 2

OCTOBER 2014 TO 2015

Did you know that the ear continues to hear sounds, even while you are sleeping

Don't need a hearing aid but struggle to hear the TV?

There is a huge range of alternate listening devices that help tackle this issue. If you are on a pension, you may be eligible for subsidised devices and Veterans may have the device **fully subsidised by DVA** (conditions apply). The team at Amplify Hearing & Diagnostics are here to help you find the right device for your needs.

RS 195
RRP \$649.95

Set 840 TV
RRP \$429.00

2015 Acaud Conference

At Amplify Hearing & Diagnostics we are passionate about ensuring our clinicians are up to date on all the latest industry developments. In August Emma attended the biennial Australian College of Audiology conference, where information on new directions in the hearing industry, advancements in hearing science and technologies was presented. Liz also attended the Unitron 'engage' conference in November, keeping up to date with changes in the industry and previewing technological updates.

Introduction of the Baha System to our services

We are excited to announce that Liz is now able to conduct candidacy assessments (in conjunction with local Ear, Nose & Throat services) and provide softband trials, as well as fit and adjust the new Cochlear Baha 5 sound processor. This is a specialised service that until now was not offered in the region. The Baha device has strict candidacy guidelines, but for those who are eligible, the Baha uses bone conduction to directly stimulate the inner ear, completely bypassing the damaged portion of the ear!

Continuing studies

This year also saw Kate start the Audiometry course. "I am excited about learning new things. I really look forward to being able to help our clients with more than just their paperwork and appointment bookings in the future". As she progresses through the course Kate will need to gain practical experience and we hope all our wonderful clients will support and encourage her by allowing her to participate in some of your appointments.

Need Batteries?

Simply drop in or call our office on 0260 217 500 and we will post them to you.

Christmas Closure

Our office will be closing Wednesday 23/12/2015 and reopening on Monday 4/1/2016. For all emergencies during this time please contact 0427 817 587. From our families to yours, we wish you a Merry Christmas and a safe and healthy New Year!

End of Year Battery Special

Buy a box of batteries for just **\$50.00**. That's a massive saving of \$30.00. No further discounts apply.

Thanks again from the team at Amplify Hearing & Diagnostics; Liz Lockett, Emma Burdziejko and Kate Rixon!
